**Proton Motor Power Systems plc
("Proton Motor" or the "Company")**

Follow-up order from DB Bahnbaue Gruppe

Proton Motor Power Systems plc (AIM: PPS), the designer, developer and producer of electric hybrid systems with a zero-carbon footprint, is pleased to announce a further complete hydrogen fuel cell emergency power system, from DB Bahnbaue Gruppe GmK subsidiary of Deutsche Bahn AG, Germany's leading full-service provider for rail infrastructure.

This follow-up order of the Company's HyCabinet S48 fuel cell emergency power system has a capacity of 48 kVA and represents the 26th system ordered by the Customer since the signing of the agreement between Proton Motor and DB Bahnbaugruppe GmbH in 2015 and the Customer's brand name EnerRail.

As noted in the Company's announcement on 22 August 2024 as well as 23 September 2024, discussions with other potential sources of finance in order to allow the Company to continue until 31 December 2024. While funding discussions continue to remain relatively early-stage in that subject to the satisfactory conclusion of such discussions, the order for the Customer to proceed for delivery in 2025. There is no certainty that any such funding discussions will be successful, including the timings or terms of such funding.

Dr. Faiz Nahab, CEO of Proton Motor, said:

"We are pleased to receive this latest order from DB Bahnbaugruppe GmbH, which reaffirms our industry-leading hydrogen fuel cell technologies. We are continuing to progress with prospective partners and are working hard to secure the resources necessary to fulfil this contract well. We will provide investors with an update regarding the progress of these funding discussions."
